2022-2023 Annual Education Report (AER)**

February 5, 2024

Dear Parents and Community Members:

We are pleased to present you with our Annual Education Report (AER), which provides key information on the 2022-23 educational progress for Saugatuck Middle School. The AER addresses the complex reporting information that is required by federal and state law. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Principal, Mark Neidlinger for necessary assistance.

The AER is available for you to review electronically by visiting the following website <https://rb.gy/796pki> or you may review a copy in the main office of your child's school.

For the 2022-23 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school HAS NOT BEEN GIVEN ONE OF THESE LABELS.

Saugatuck Middle School students continue to demonstrate academic proficiency and growth in state assessments at a much higher rate than schools with similar demographics and the state of Michigan average. For example, on the PSAT, 8th graders scored an average of 873, where at the state level the average was 823. The reading and writing scores were particularly high, as the level of proficiency is 390 and our students scored 446. High expectations for student learning, combined with strong academic support from teachers and support staff including: differentiated instruction, team teaching, paraprofessional support, social-emotional supports, advisory periods, homework club, office hours, formative assessment and re-teaching strategies are all implemented daily to support our students.

State law requires that we also report additional information.

1. Process for assigning pupils to the school; Students are assigned to our school based on the boundaries of our school district. In addition, students are welcome to come to Saugatuck Middle School as students of choice from neighboring districts.
2. The status of the 3-5 year school improvement plan; Our 2022-2023 School Improvement Plan serves as a framework to guide our efforts to improve in all curricular areas. Our teachers review and analyze data frequently in order to adapt our curriculum, meeting the needs of our students. SMS continues to have goals in math, reading, writing, science and teacher use of educational technology.
3. Specialized Schools; we do not provide specialized schools.
4. Core Curriculum; At Saugatuck Middle School, we are continually working to shift our curriculum to meet the requirements of the Common Core curriculum adopted by the state of Michigan. Common Core standards can be reviewed by visiting the Michigan Department of Education website (<http://www.michigan.gov.mde>).
5. Parent Teacher Conferences; during the 2022-2023 school year, we continued our practice of offering one in-person evening along with one remote offering for our parents, which bolstered the overall attendance count with 84 parents participating.

I am extremely proud of the work ethic, creativity, academic achievement, character and attitude displayed by our students each and every day. I am also deeply appreciative of the many charismatic adults, parents, teachers, coaches, and support staff that all make a difference with our students' day in and day-out. It has helped us to develop and secure a healthy learning environment here at Saugatuck Middle School.

Sincerely,

Mr. Mark Neidinger, Principal
Saugatuck Middle School
